Perfect Products Manufacture

In the mass production stage, we always adhere to the principle "3 No" to defective products, they are: "No acceptance, No produce, No delivery". By means of the continuous check to make continuous improvement so as to meet users' needs better.

Forceful R&D Team

ZOMAX always take Innovation R&D as the core competitiveness of the enterprise, we have been committed to the research and development of green and environmentally friendly lithium battery products, and low energy cost gas products. Meanwhile, with the unremitting efforts of R&D teams. At present, ZOMAX Garden has won 11 National Invention Patents, over 150 patents for Utility Models and Appearance, and has built the Provincial-level New High-tech Enterprise Research and Development Center.

▶ Trimmers and Brush Cutters

In growing season, fresh green plants are always awaited, while every bit of growth comes a little bit of maintenance to keep your plants happy and your lawn and garden looking fresh and neat. Here we have the wide option of the brush cutter and grass trimmer and for your needs call. Low vibration, effortless starting, speeding cutting of our models, to make you own one, will have it working long with you.

ENGINES FAMILY

2 Stroke Engine: 25.4cc/32.6cc
42.7cc/51.7cc

4 Stroke Engine: 35.8cc

Variable engines meet your different demands.

4 STROKE ENGINE EuV EPAIII

4 stroke engine uses overhead CAM mechanism, smooth operation, little vibration, low noise, through the optimization of oil system, lubrication system, distribution agencies, heavy parts material, to improve gasoline engine combustion efficiency and to prolong service life. EUIII past without any catalyst. Belongs to the low temperature, energy saving, environmental protection engine.

NEW

ZMG2602

CE RoHS EMC EuV EPA III

ZMG2602 has an upgraded engine, is right tool for you to trim rough grass around corners,mail boxes,walls and fences. Gear box and guard design reduce the weight to improve confort. Terse but forceful.

Light weight 4.95 kgs
Without safety guard and cutting equipment

| | |
|--------------|-----------------|
| Displacement | 25.4 cc |
| Rated Power | 0.8 kW / 1.0 hp |
| Dry Weight | 4.95 kg |
| Engine | 2 stroke |

Woollen Air Filter

Tight sealed structure is excellent in dust prevention, but easy to open.

Ergonomic Handle

Rubber part combined with Plastic part, brings comfortable feeling to operator.

Plastic Clutch Com.

for lighter weight.

Brand new driver box Assy

No gap between driver box and trimmer head, effectively reduces the risk of grass blocking.

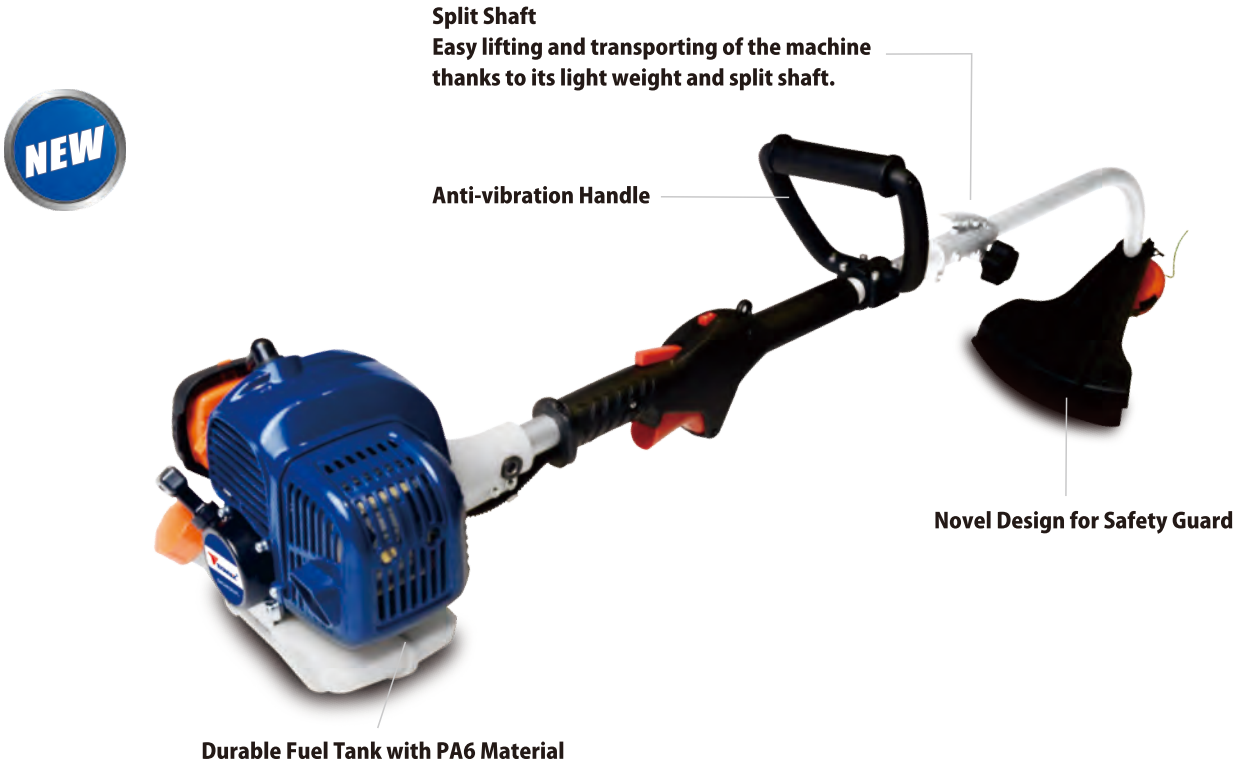

ZMG2602N2PC

Ideal for trimming edges,working in narrow areas difficult to reach with lawn mowers or tractors to keep your garden tidy and clean.Offer maximum efficiency to allow you to work safely and effortlessly,give you the satisfaction of having a garden perfect in any detail.

02 SERIES

ZMG2602/ZMG3302/ZMG4302/
ZMG5302/ZMG3601

Straight working shaft offers a more efficient delivery of the power to the cutting head.

ZMG3302

CE EMC EuV EPA III

To represent 02 SERIES, ZMG3302 is a fuel-efficient powerful trimmer, equipped with straight shaft and U handle. it has perfect balance and an excellent power to weight ratio. High torque for durable operation, specially designed for heavy duty tasks. More, loop handle and detachable shaft versions available for all 02 SERIES.

| | |
|--------------|-----------------|
| Displacement | 32.6 cc |
